## SKILLS

Languages: Java, Bash, Javascript, Typescript

DevOps & Cloud: Google Cloud, Microsoft Azure, Docker, Github Actions

Backend: & Tools: Springboot, Nodejs, PostgreSQL, Prisma, Git

Others: Nextjs, Serverless, REST APIs

## PROJECTS

Projectile Simulation – Physics Motion Visualizer

*(Next.js, Spring Boot, Docker, Azure Container Apps)*

- Built Spring Boot backend calculating 10K+ projectile coordinates in real time.
- Containerized app with Docker and deployed via Azure Container Apps.
- Automated CI/CD using GitHub Actions for seamless cloud deployments.

Quizy – AI Quiz Generator & Analyzer

*(Next.js, Gemini AI API)*

- Integrated Gemini AI to create topic-specific quizzes dynamically.
- Visualized performance analytics through interactive Next.js dashboards.
- Built responsive, fast UI reducing page load time by 35%.

## EDUCATION

BITS Pilani *Pilani, Rajasthan, India*

Bachelors in Computer Science (2024 – 2028)

## CERTIFICATIONS & ACHIEVEMENTS

- Tutedude MERN Stack Course ([link](#))
- Winner - Club Hosted Web Design Competition([link](#))
